| Title:      | AUDIO AND VIDEO CONTROLS ON A POINTING DEVICE FOR A<br>COMPUTER |                 |                  |

**AMENDMENT AND RESPONSE UNDER 37 CFR § 1.111**

Commissioner for Patents  
Washington, D.C. 20231

Applicant has reviewed the Office Action mailed on April 9, 2001. Please amend the above-identified patent application as follows.

**IN THE CLAIMS**

No claims are amended in this response; the claims are reproduced here for the convenience of the Examiner.

1. (Previously Twice Amended) A computerized system comprising:  
a computer having at least a processor and a memory;  
a multimedia device operatively coupled to the computer; and,  
a pointing device operatively coupled to the computer and having at least one control to control only the multimedia device, wherein the pointing device only couples to the computer and wherein the at least one control to control only the multimedia device is operable without regard to orientation of the pointing device.
2. Unchanged) The computerized system of claim 1, wherein actuation of a control causes the computer to change a functionality of the multimedia device associated with the control.
